

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

It was Hamlin night in Cisco Saturday as the Cisco Junior College Wranglers were host to Ranger Junior College in the final game of the season for the two teams. Robert Pearce and Larry Simpson, both Hamlin grads, were the captains for the Wranglers.

Pearce and Simpson were the first two sophomores introduced in the pre-game recognition of boys playing their last home game for the Wranglers. Pearce was introduced as the sparkplug of the Cisco offense and Simpson was called the mainstay of the defensive unit and a boy whose heart was much bigger than his body.

Both boys played a large part in the 47-21 victory by the Wranglers over their arch-rivals from Ranger. Pearce, at quarterback, had an outstanding night as he completed 14 of 20 passes for seven touchdowns and 326 yards. He carried the ball a number of times for sizeable gains.

Simpson, playing the free safety spot in the Cisco secondary, helped limit the Ranger attack to only three scores. This was a considerable chore as the Ranger quarterback took to the air 74 times and completed 34.

The Wranglers received a bid to play in the Wool Bowl in Roswell, N. M., Dec. 10.

We wish both of these two fine exes the best of luck in their bowl game and hope that both of them land scholarships to a good senior college next year.

Incidentally this was the longest football game I have ever watched. It also was the first one I have seen where 94 passes were thrown. This along with so much scoring made for a game that started at 7:30 and was not over until 10:30.

The Pied Piper Marching Green, Hamlin High's marching band, will travel out to Big Spring Saturday to compete in the regional UIL marching contests.

The kids have been working very hard getting ready for this annual event and are going all out to bring home a first division Saturday. They were not very happy with the second they won last year and expect to top that this year.

From what we can learn, their work will be cut out for them since judging over the state has been tightened up with less and less first divisions being awarded. We understand that no class B, A or AA bands took home a first at Wichita Falls when that region competed recently.

We wish Tim Jones and his Marching Green the best of luck Saturday.

While all of these columnists and news analysts are interpreting last week's election and giving their expert opinion on just what the voters were proving when they voted the way they did, I wish that at least one of them would undertake to explain how or why the voters in Texas voted the way they did on the 16 amendments.

Of all of the amendments that were voted on why did the voters turn down the one they did? They approved a number of things that could have been controversial and then voted against just increasing the term of office for members of conservation and reclamation districts.

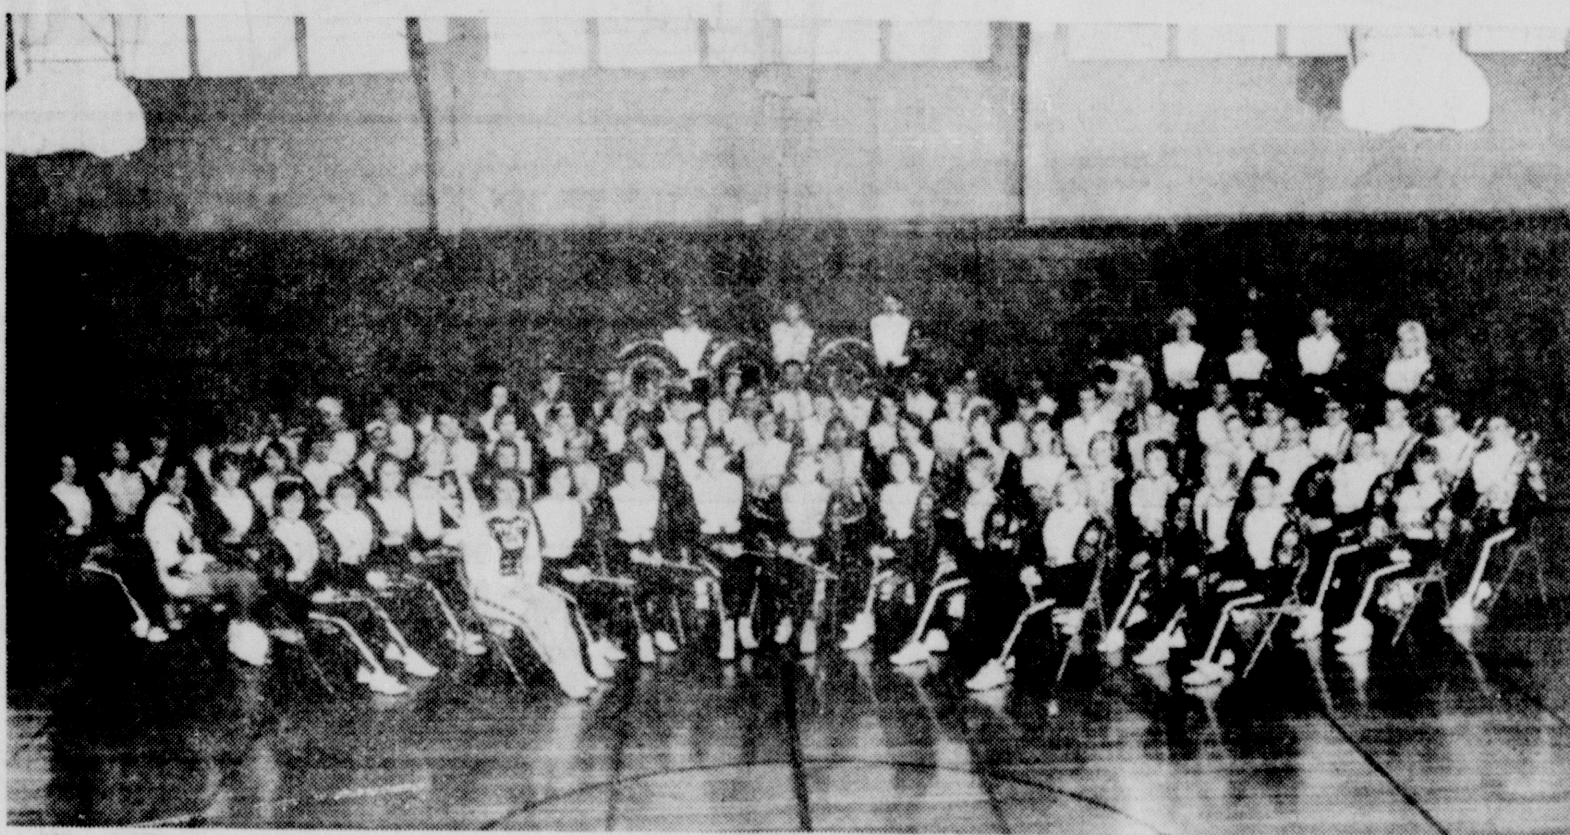

For the most part these positions hold so little interest that the people who serve on them hold their posts until they can talk someone else into taking their place.

So why was the public opposed to extending the terms? The only thing that I can figure out is that the people of Texas are opposed to giving out long terms of office to anybody. Somehow they seem to figure that keeps everything under their control better.

As for as the variation in the totals on the other amendments these columnists could have a field day in explaining this.

To us it would seem, from talking to a number of people, that the biggest problem lies in that very few people took the time to study before they went to the polls and just more or less guessed.

This guessing plays a large part in any election and creates a stumbling block for the analysts.

TO MARCH IN BIG SPRING SATURDAY — The Hamlin High School marching band will travel to Big Spring Saturday morning to participate in UIL Marching Contests for schools in Class B through Class AAAA. The Marching Green will be the first band in Class AA to march, going on the field at 12:29. There

are 12 bands in this class and a total of 53 participating in all classes. Eighty-four members are making the trip. The three majorettes, Sally Carlton, Margaret Cooper, and Dianna Crowley, will twirl in solo and ensemble competition. Margaret Ann Johnson is drum major. The band is directed by Tim Jones.

Booster Club Elects Officers In Final Meet, Raises Dues

Bob Craig was elected president of the Pied Piper Booster Club at the final meeting Monday. He succeeds Burt Oliver.

Other officers are Bill Chapman, vice president; Floyd Clifton, secretary-treasurer; James Brown, V. E. Holt and Oliver, directors.

The club voted to increase the dues for next year to \$5.00 with no charge for the ladies.

Kenneth Ferguson, a junior at West Texas State University in Canyon, visited at home over the weekend. He is the son of Mr. and Mrs. Charles Ferguson, of McCaulley. On November 4, Kenneth was initiated into the Block and Bridle club, whose members are composed of students majoring in Agriculture.

County Fathers Award Contract To Sandblast, Repair Courthouse

The Jones County courthouse will soon take on a new look, thanks to action taken Monday by the commissioners court.

A contract was awarded to MidContinent Waterproofing Co. of Fort Smith, Kan., at a total price of \$16,000, the company will sand blast the entire building, make repairs where necessary and point all the mortar joints. When this is completed, the entire building will be given a silicone waterproof treatment.

A price of "not to exceed \$400 was given on closing windows in the district court room but commissioners delayed action on this phase of the job. They propose to investigate possibility of installing storm windows throughout the building. This, they said, would reduce noise, make for a tighter building and thus reduce cooling and heating expense.

County Installs Microfilm Machine In Clerk's Office

A new microfilm machine was installed in the Jones County clerk's office Monday and Roy Thorn, clerk, says he hopes to reduce costs of running his office as a result.

The new machine, furnished by Southern Microfilm Co. of Houston, is supplied without cost. All supplies also are furnished. The county will pay 23 cents per sheet for each record. In addition, a microfilm copy of all papers recorded will be supplied.

Copies of records will be printed on paper size 8 1/2 x 14 and will be placed in binders this size. This will enable twice as many papers to be filed in the present space in the clerk's room.

Documents will be sent to Houston each Thursday and will be returned the following Monday.

In the past, the county has been making photostatic copies of all records with cost of paper alone running 28 cents per sheet, plus chemicals. There will be a saving in labor also.

The county plans to keep their camera and equipment.

vestigate possibility of installing storm windows throughout the building. This, they said, would reduce noise, make for a tighter building and thus reduce cooling and heating expense.

Last weekend a group from the commissioners court went to Miami, Texas, where a similar job was performed by the Kansas company. They were enthusiastic about the improvement which resulted.

A representative of the firm said that they would start moving equipment into Anson immediately and that the job likely would take about 60 days. No payment is to be made until the job is completed and accepted by the court. A two-year guarantee on materials and workmanship will be provided.

First, Second Class Mail to Be Airlifted to Overseas Servicemen

Postmaster Perry Sparks announced that henceforth all first class mail, personal and parcels weighing 5 pounds or less and measuring not more than 60 inches in length and girth combined, will be airlifted on a space available basis between the United States and all military post offices overseas.

Also, under Public Law 89-275 — The Dulski Military Mail Act — which was signed by President Johnson on November 2, 1966, second class publications such as newspapers and magazines published weekly or more often, and featuring current news of interest to the military, will be airlifted from San Francisco to the armed forces serving in Viet Nam.

Postmaster Sparks explained that parcels weighing 5 pounds or less and not exceeding 60 inches in length and girth combined, paid at surface rates, will be moved by surface transportation within the United States from the points of mailing to the port of embarkation.

To speed up separation and delivery of these smaller parcels falling within this category, Postmaster General Lawrence F. O'Brien directed that all parcels be clearly marked upon acceptance at the post office with the letters SAM (surface airtail mail).

This will eliminate the task of reweighing and measuring the parcels at the San Francisco concentration center prior to dispatch to Viet Nam or other overseas military post offices.

Postmaster Sparks also reminded mailers that Christmas parcels weighing 5 pounds and under, through they are given airtail priority from San Francisco to Viet Nam on a space available basis, should be mailed no later than December 1. Airmail, he said, should be sent no later than December 10.

The deadline for Christmas packages weighing more than 5 pounds going to Viet Nam and other overseas military post offices by surface means was November 10.

Miss Lennie Greenway attended the funeral of her nephew, Ray Charles Walker, 49, of Plainview, Thursday, Nov. 11. She was accompanied by Mrs. Carl Greenway and Guy W. Greenway.

Mr. Walker was born in Hamlin, Sept. 7, 1917, and moved to Plainview with his parents in 1920.

He was part owner of Walker Bros. Produce and also farmed in the Plainview area. He was on the board of directors of City National Bank, member of the board of directors of Texas Fresh Fruit and Vegetables Assn. and past director of Plainview Chamber of Commerce.

Group Told All Five Counties Needed to Form Junior College District At Stamford Meeting

Approximately 50 persons from Jones, Haskell, Knox, Shackelford and Stonewall Counties were present at a meeting held in Stamford Monday night to hear steps outlined for establishing a junior college.

Dr. David Norton, junior college examiner of the Coordinating Board of the Texas College and University system, told the group that the requirements for setting up a junior college in an area are \$12.5 million in valuation and 7,000 scholastic units.

"In West Texas, you have enough money," he said, "but not enough children." He said each county could qualify in scholastic units. Therefore, it would take all five counties

for the necessary requirements in this area.

Norton said the first step would be to appoint a steering committee and from that group present a survey of the area telling of the needs for a junior college. The next step would be to present a petition to the State Coordinating Board signed by 10 per cent of qualified taxpayers who are registered voters.

Following the petition, the coordinating board would study the request and then hold public meetings, he said.

If the junior college committee of the board saw a need for a junior college, it would be recommended that one be established. Then an election would be called in the counties involved to set up a junior college district.

Norton noted that a junior college district is worthless unless the voters decide on a tax to support it.

The junior college would be controlled by the district boards elected by the voters of the districts.

PIPER PATTY--

Football Banquet Top Event Of Week At Hamlin High

By Tommy Oliver
Beth Craig
Helen Moore

"Who are you going to the banquet with?" is the study hall chatter this week. The annual Piper Football Banquet will be held this Friday, at 7 p. m. in the high school gym. The faculty, band, and pep squad will honor the 1966 Piper Football team. The speaker will be Paul Lambert, a coach from Hardin-Simmons University.

The pep squad will be responsible for the decorations. Heading the decorating will be a committee consisting of: Jean Young, chairman, Vicki Acklin, Joy Bond, Kathy Moore, Virginia Hill, Laquita Long, Peggy Covington, Kathleen Hymer, Elma Mayes, Sandra Payne, Martha Robertson, Cheryl Walton, Jerry Elliot, and Cynthia Head.

During the banquet Sandra Fudge will act as toast mistress; Margaret Johnson -- welcome, Rarley Smith-response, Helen Moore-hero presentation, and Larry McCoy-sweetheart presentation.

HHS
"All for the Pipers stand up and holler!" What a pep rally we had Friday morning. The band put that extra build into their music and the pep squad the louder yell that let the football team know we were behind them 100%. If school spirit would win football games we would surely have beaten Stamford. During the pep rally the senior football boys gave their last Pep speech of the season with more than their share of laughter from the student body.

HHS
"We want our rings!" is the yell the senior girls used to express their desire for their graduation year rings. Anxious as they are, though, I think they will manage to live.

HHS
"What do you want gang?" A FIRST DIVISION! That is the Marching Green's yell

this week. The band is really putting their hearts into the finishing touches of their marching contest show. Our band will be traveling to Big Spring Saturday where we will find out if we have the stuff to "GET THAT FIRST!" HHS

"America, America, God shed His grace on thee"..... This patriotic song opened the National Honor Society's annual program in the high school auditorium Thursday afternoon. "America the Beautiful" presented by John Osbourn, trumpet solo, and Revonna Robertson, accompanist.

Against a background of patriotic music, lines were read from the following: "Breathes There the Man" by Sir Walter Scott, "America the Beautiful", "Unsung Heroes" by Thomas B. Aldrich, "The American Way", America for Me" by Henry Van

Dyke, "These Are the Times That Try Men's Souls" By Thomas Payne, "God, Give Us Men" by J. G. Holland, and "The Battle Hymn of the Republic".

Readers included Mrs. Charles Scott, Gene Ward, June Hill, Robert Moore, Revonna Robertson, Randy Smith, and Margaret Johnson. Group singing of "The Battle Hymn of the Republic" ended the program.

SYLVESTER NEWS...

By Mrs. R. M. Babb
Cotton trailers are going in every direction. Saturday afternoon I looked out and there was a big cotton trailer headed for the gin and I do mean it was on fire, flames going sky high, seems there was about four bales on the trailer and the fire department was called from Roby and finally got it out, I believe it belonged to Mr. Carter working the Walldrop place.

Mrs. Carra Perkins has spent several days with her

son and his family in Lubbock. Mr. and Mrs. Hugh Hood are the proud grandparents of a young man born last Wednesday night to Tommy and Pat Hood of Ft. Stockton, I believe the young man will be called Matthew.

We are very sorry to learn that Woodford and Lorena Pursley have had to move to Big Spring where he will work at Webb Air Force Base, he was layed off at the Celotex Plant at Hamlin, we shall miss them so very much in the community and especially in the church as they both were good workers. We just hope they won't forget where the rest of us still are.

In the Milt Montgomery home this past week was their daughter, Billye Louise of Oklahoma City and her daughter-in-law, Mrs. Don Hollis of Chicago, Ill.

We were all sorry to learn of the accident of Mike Ma-berry of Sweetwater this past Saturday afternoon, his

scotter hit a chug hole in the pavement and he was thrown off. At this writing he is still unconscious in Hendrick Hospital in Abilene, our prayers are with Mike and the family.

Jackie and Sheila Prather of Sweetwater spent Friday night with their grandmother, Mrs. W. B. Brown.

Rev. and Mrs. Leverett held open house at the Baptist parsonage Sunday afternoon. They have done quite a bit of remodeling and painting and they wanted everyone to see the improvements.

Mrs. Eva Whitten of Hamlin, Mrs. John Edwards, Mrs. May Hurst and Mrs. Herron of Sylvester visited Mrs. Mary Jones, Mrs. Maude Byrum and Lawrence, and Mrs. Opal Josey in Merkel Sunday afternoon.

BIRTHS

Mr. and Mrs. Dennis Jones of Merkel are parents of a daughter, Melisa Ann, born Nov. 9.

Mr. and Mrs. Serapio Alvarado of Clairmont are parents of a boy, Henry, born Nov. 12.

Mr. and Mrs. Joe E. Bass are parents of a girl, Gwendolyn Faye, born Nov. 13.

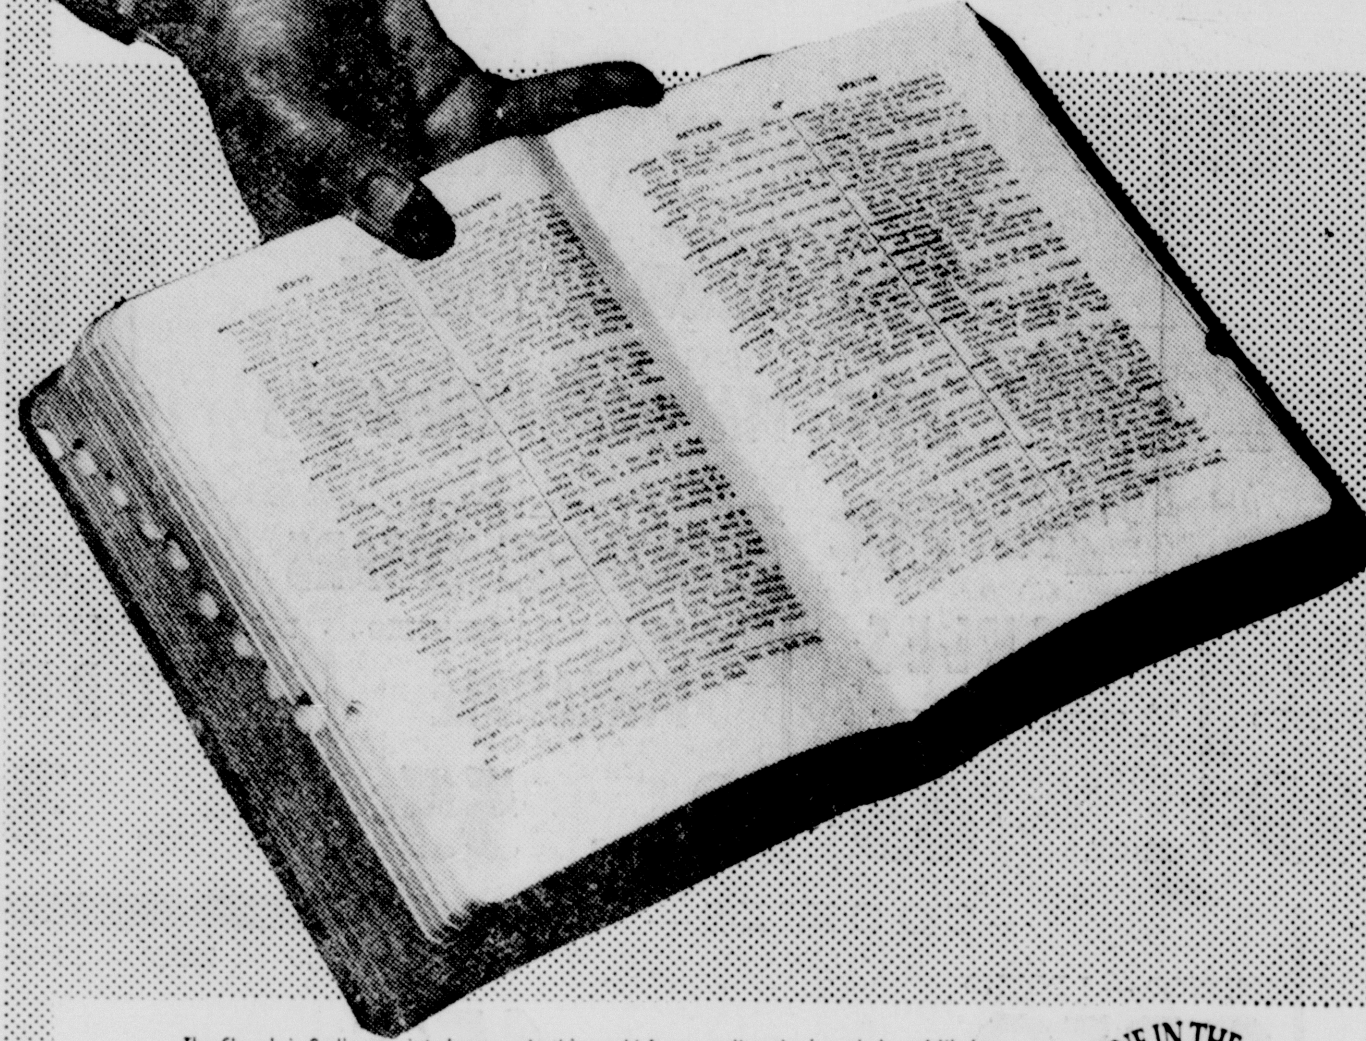

WORD POWER!

One of our popular publications, encourages the learning of new words, and in each edition prints a few words that we can add to our vocabulary.

Words have swayed thousands, even changed the course of history. It is through the use of words that men are saved.

"For after that in the wisdom of God the world by wisdom knew not God, it pleased God by the foolishness of preaching to save them that believe."... "Because the foolishness of God is wiser than men."

ATTEND CHURCH... HEAR GOD'S WORD PREACHED

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

The lure of deer hunting season has once again called many of our local citizens to the woods. We who remain behind wish them a safe and successful hunting trip. Please remember the warning, "If it stands on its hind legs and has a pipe in its mouth, it isn't a deer."

Others are still busy harvesting their cotton crops. Some report the cotton is turning out more than a half a bale to the acre. This is very good considering the fact that the months of May, June and July were extremely dry in his area.

The T. B. Mobile Unit will not come to Old Glory this month as was previously announced, but it will be in Stonewall County, set up on the square in Aspermont on December 2 (1 to 5 P. M.) and on December 3rd all day, for the purpose of taking chest x-rays of all the people in the county.

X-rays will be made by a licensed technician and will be free of charge, although donations at the site will be accepted and welcomed.

Everyone is urged to take advantage of this service.

The Stamford Bulldogs scored in every quarter Friday night to take the District 5-AA crown as they defeated the Pipers 30-0 in the season final for the Pipers.

The Bulldogs won the championship with a 4-0-1 district record. Winters downed Anson Friday night 14-8 to to cop second place with 4-1 season, putting Anson in third with a 3-2 record. Colorado City and Haskell played to a 12-12 deadlock to put C-City in fourth with a 1-2-2 standing. Haskell ended up in the cellar with 0-4-1 with the Pipers a half game ahead with 1-4 in district.

The Bulldogs took the opening kickoff and Marched 74 yards in 16 plays to paydirt with Quarterback Jack Harkins scoring from one yard out on a sneak. Joey Lawson

kicked he point after.

The Pipers picked up a first down after the kickoff with a 29 yard pass from Philin Simpson to Joe Adams but then gave up the ball on the Stamford 30 on fourth down.

The Bulldogs drove down for their second score early in the second period after intercepting a pass on their own 37. Stamford ground out the 63 yards in 13 plays with Mike Matthews scoring from the three. Lawson added the one point.

Stamford returned a 31 yard quick kick by Sammy Ferguson down to the Piper 32 from where they scored in two plays with Matthew going the final 12 yards over right tackle. Lawson missed on the extra point.

The Pipers fumbled on the first play after the second half

kickoff with Stamford recovering on the Piper 27. Quarterback Joe Upshaw scored seven plays later on a one yard plunge. Lawson added the one point.

Neither team threaten until the final minutes of the game when Stamford drove back down to the Piper 19. Lawson got off a 36 yard field goal as the final gun sounded.

Area Farm and Ranch News

By DON ELMORE
Well it's time again to order another rain for wheat farmers. However, the wheat is growing very good for the moisture it has. Most of the wheat calves are on wheat in this area. But I am told that the panhandle of Okla. and Kansas still need a rain before they can graze very much.

The West Texas Barrel Racers are planning on holding their next meet here the last Sunday of this month

at 2:00 p.m. We invite everyone to come out free of charge and cheer these girls on.

There will be pole bending, flag racing, and barrel racing. Possibly there will be goat tying.

These girls come from all over West Texas and the competition is as keen as you can find anywhere. So come on out to the Riding Club Arena and enjoy an afternoon of sport.

FAIRVIEW NEWS...

By Mrs. Elmer Joiner
Fairview is still out here, the people are still here, but with the beautiful weather of the past week, the bountiful cotton crop being harvested, about all that has happened has been work. Everyone was glad to see Sunday come, for after going to church they could rest all afternoon. It seems that it is the opinion of most of the men that they have a lot of hard work yet to gather this crop, as I heard one man say Saturday, that he would get through some day, if he lived long enough. But when they do get through just think of all the money they, and Uncle Sam, will have.

Miss Della Drake was carried to the Hamlin Hospital last Tuesday morning with a case of flu and other complications, but was able to come home Saturday. We hope that she is soon feeling good again.

Mr. and Mrs. E. A. Henry attended funeral services Sunday, in Haskell, for her nephew James A. Boyd, a resident of that city, who died in Hendrick Hospital after a month's stay there. Interment was in the Rule cemetery. Mr. Boyd was reared at Rule.

Mr. and Mrs. Winson Gray attended funeral services, in Anson, Sunday afternoon for Mrs. Sasser, a long time resident of Anson and the Anson area.

Mrs. Mel Jones spent last week at home, after spending a week in Abilene, with her son, Rex Jones, following the death of Mr. Jones who passed away after suffering a heart attack. She will live at their home in Hamlin, where they moved a few years ago.

The Brotherhood and W. M. U. of the three churches, met last Wednesday night with the Neinda church, with the Rev. Dub Jackson, missionary from Japan as speaker. Haven't heard any report from it but am a afraid that the crowd was smaller than it should have been, since so many are working such long hours.

Was so nice Sunday afternoon to have lots of company,

for it does get so lonesome for someone that was always on the go, to have to be home for so long. Those visiting were Mr. and Mrs. Fred Rosenbaum, Mr. and Mrs. Henry Kee, Lubbock, Mr. and Mrs. Jimmy Joiner, Jeannie and Roland, from Samford, and Mrs. Inez McCoy.

Mrs. Woodrow Goodwin visited with the Drakes and Mrs. Henry, Monday morning.

Mr. and Mrs. Henry went to Aspermont last Friday where a crowd of brothers, sisters, neices and nephews met in the home of Mrs. Doris Branch. Others attending were Mr. and Mrs. Frank Boyd and daughter, Mr. and Mrs. Dan Bently, Wichita Falls, Mr. and Mrs. Obie Wright, Rotan. They had a nice day enjoying visiting together but were saddened by the news of the relative's death in Abilene, James Boyd.

Word has been received that Mrs. Alton Sealy, the former Evelyn Treadwell, is in the Anson Hospital, seriously ill. We hope she is improved by now.

Maybe before next Monday it will rain, get cold or something, so people will get out and make some news, you can't write news when there isn't any.

Ned Moore Wins County Art Show

Ned Moore, art teacher in Port Lavaca, was the top winner in the professional section of the adult division of the art show at the Calhoun County Fair recently.

Moore, son of Mr. and Mrs. Ned Moore, is teaching his first year in junior high in the Calhoun County school. He was graduated last year from McMurry College with a double major in history and art.

He won rosettes on his oil entries, "Still Life" and "Spring Flower."

Mr. and Mrs. Trinidad Vasquez of Stamford are parents of a boy, Jimmy Able, born Nov. 14.

Wednesday Rites Held Here for Floyd Hallmark, 71

Floyd Hallmark, 71, died at 8 p.m. Monday at Hamlin Memorial Hospital. He had a heart condition for several years and was hospitalized for three days.

Services were held Wednesday at 3 p.m. in the Church of the Nazarene. Rev. David Freeman, pastor of Central Christian Church in Stamford, and Rev. Marshall Steward, Nazarene pastor, officiated.

Born Sept. 18, 1895, in Jacksboro, he was the son of the late Mr. and Mrs. J. M. Hallmark. He was married to the former Leila Wilcoxson in Phoenix, Ariz., Oct. 13, 1920. They lived in Burney, Calif., for nine years before moving to Hamlin two years ago. He was a member of Central Christian Church and the V.F.W.

Survivors include his wife, two brothers, C. L. Hallmark of Bakersfield, Calif., C. M.

Homemade Squirrel Call — Old-time pioneer squirrel hunt-

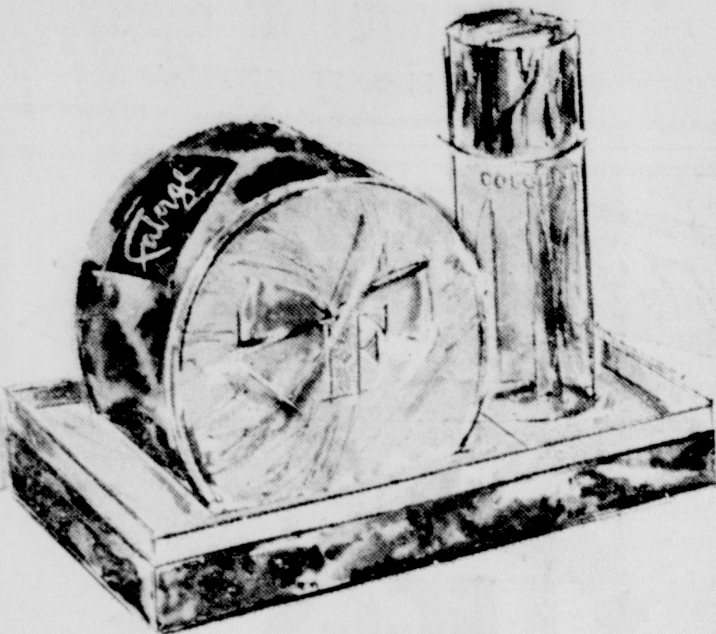

ers owned no such thing as a commercially manufactured squirrel call. So they had to depend on their own ingenuity to make a caller.

One of the best was made by rubbing a wet whiskey bottle cork across the smooth surface of a piece of window glass.

If you're going to try it, of course, you really needn't limit yourself to this specific type of cork.

HEIDENHEIMER'S

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

It was Hamlin night in Cisco Saturday as the Cisco Junior College Wranglers were host to Ranger Junior College in the final game of the season for the two teams. Robert Pearce and Larry Simpson, both Hamlin grads, were the captains for the Wranglers.

Pearce and Simpson were the first two sophomores introduced in the pre-game recognition of boys playing their last home game for the Wranglers. Pearce was introduced as the sparkplug of the Cisco offense and Simpson was called the mainstay of the defensive unit and a boy whose heart was much bigger than his body.

Both boys played a large part in the 47-21 victory by the Wranglers over their arch-rivals from Ranger. Pearce, at quarterback, had an outstanding night as he completed 14 of 20 passes for seven touchdowns and 326 yards. He carried the ball a number of times for sizeable gains.

Simpson, playing the free safety spot in the Cisco secondary, helped limit the Ranger attack to only three scores. This was a considerable chore as the Ranger quarterback took to the air 74 times and completed 34.

The Wranglers received a bid to play in the Wool Bowl in Roswell, N. M., Dec. 10.

We wish both of these two fine exes the best of luck in their bowl game and hope that both of them land scholarships to a good senior college next year.

Incidentally this was the longest football game I have ever watched. It also was the first one I have seen where 94 passes were thrown. This along with so much scoring made for a game that started at 7:30 and was not over until 10:30.

The Pied Piper Marching Green, Hamlin High's marching band, will travel out to Big Spring Saturday to compete in the regional UIL marching contests.

The kids have been working very hard getting ready for this annual event and are going all out to bring home a first division Saturday. They were not very happy with the second they won last year and expect to top that this year.

From what we can learn, their work will be cut out for them since judging over the state has been tightened up with less and less first divisions being awarded. We understand that no class B, A or AA bands took home a first at Wichita Falls when that region competed recently.

We wish Tim Jones and his Marching Green the best of luck Saturday.

While all of these columnists and news analysts are interpreting last week's election and giving their expert opinion on just what the voters were proving when they voted the way they did, I wish that at least one of them would undertake to explain how or why the voters in Texas voted the way they did on the 16 amendments.

Of all of the amendments that were voted on why did the voters turn down the one they did? They approved a number of things that could have been controversial and then voted against just increasing the term of office for members of conservation and reclamation districts.

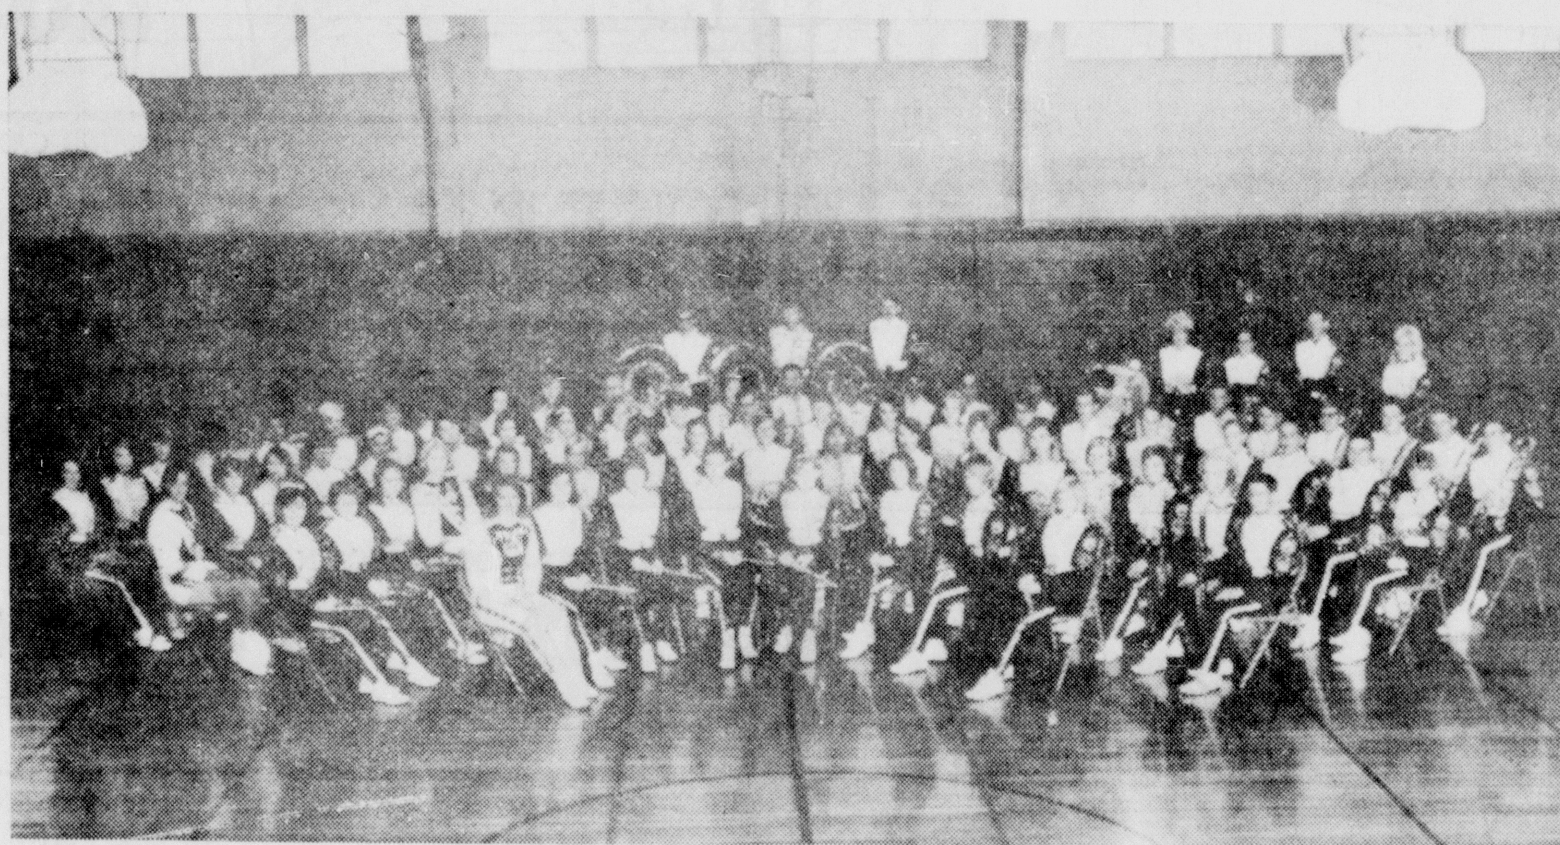

For the most part these positions hold so little interest that the people who serve on them hold their posts until they can talk someone else into taking their place.

So why was the public opposed to extending the terms? The only thing that I can figure out is that the people of Texas are opposed to giving out long terms of office to anybody. Somehow they seem to figure that keeps everything under their control better.

As for as the variation in the totals on the other amendments these columnists could have a field day in explaining this.

To us it would seem, from talking to a number of people, that the biggest problem lies in that very few people took the time to study before they went to the polls and just more or less guessed.

This guessing plays a large part in any election and creates a stumbling block for the analysts.

TO MARCH IN BIG SPRING SATURDAY — The Hamlin High School marching band will travel to Big Spring Saturday morning to participate in UIL Marching Contests for schools in Class B through Class AAAA. The Marching Green will be the first band in Class AA to march, going on the field at 12:29. There

are 12 bands in this class and a total of 53 participating in all classes. Eighty-four members are making the trip. The three majorettes, Sally Carlton, Margaret Cooper, and Dianna Crowley, will twirl in solo and ensemble competition. Margaret Ann Johnson is drum major. The band is directed by Tim Jones.

SIX DIRECTORS ELECTED—

BCD Announces Plans for Christmas Decoration Contest

Six new directors were announced at the Tuesday morning meeting of the Hamlin Board of Community Development at Pied Piper Restaurant.

The new directors, elected by ballots of members, include Charles Absher, John C. Bryant, George Campbell, Ray Sonnenburg, Holly P. Toler and O. H. Weaver.

W. T. Johnson, president, presided.

Plans for the Christmas season were announced by the trade development committee, Paul Cooper, chairman. He

is assisted by Marvin Carlton and L. J. Cunningham.

The Christmas lights will be turned on Dec. 1 and Santa Claus will make his first official visit Dec. 10. He will arrive on that day on a fire truck.

Santa will also be in town on Saturday, Dec. 17, Friday, Dec. 23, and Saturday, Dec. 24.

The Christmas Decoration Contest will be handled in the same manner as last year. A traveling plaque will be given for first place in business division. Any business that is presented the plaque for three successive years will get to keep it. Second, third and fourth places receive ribbons.

First, second and third places in each home decoration division will receive gifts of merchandise. The divisions are 1. best overall decorations, 2. doors, and 3. windows.

Booster Club Elects Officers In Final Meet, Raises Dues

Bob Craig was elected president of the Pied Piper Booster Club at the final meeting Monday. He succeeds Burt Oliver.

Other officers are Bill Chapman, vice president; Floyd Clifton, secretary-treasurer; James Brown, V. E. Holt and Oliver, directors.

The club voted to increase the dues for next year to \$5.00 with no charge for the ladies.

Kenneth Ferguson, a junior at West Texas State University in Canyon, visited at home over the weekend. He is the son of Mr. and Mrs. Charles Ferguson, of McCauley. On November 4, Kenneth was initiated into the Block and Bridge club, whose members are composed of students majoring in Agriculture.

County Fathers Award Contract To Sandblast, Repair Courthouse

The Jones County courthouse will soon take on a new look, thanks to action taken Monday by the commissioners court.

A contract was awarded to MidContinent Waterproofing Co. of Fort Smith, Kans., at a total price of \$16,000. The company will sand blast the entire building, make repairs where necessary and point all the mortar joints. When this is completed, the entire building will be given a silicone waterproof treatment.

A price of "not to exceed \$400 was given on closing windows in the district court room but commissioners delayed action on this phase of the job. They propose to investigate possibility of installing storm windows throughout the building. This, they said, would reduce noise, make for a tighter building and thus reduce cooling and heating expense.

County Installs Microfilm Machine In Clerk's Office

A new microfilm machine was installed in the Jones County clerk's office Monday and Roy Thorn, clerk, says he hopes to reduce costs of running his office as a result.

The new machine, furnished by Southern Microfilm Co. of Houston, is supplied without cost. All supplies also are furnished. The county will pay 23 cents per sheet for each record. In addition, a microfilm copy of all papers recorded will be supplied. Copies of records will be printed on paper size 8 1/2 x 14 and will be placed in binders this size. This will enable twice as many papers to be filed in the present space in the clerk's room.

Documents will be sent to Houston each Thursday and will be returned the following Monday.

In the past, the county has been making photostatic copies of all records with cost of paper alone running 28 cents per sheet, plus chemicals. There will be a saving in labor also.

The county plans to keep their camera and equipment.

face transportation within the United States from the points of mailing to the port of embarkation.

To speed up separation and delivery of these smaller parcels falling within this category, Postmaster General Lawrence F. O'Brien directed that all parcels be clearly marked upon acceptance at the post office with the letters SAM (surface airtail mail).

This will eliminate the task of reweighing and measuring the parcels at the San Francisco concentration center prior to dispatch to Viet Nam or other overseas military post offices.

First, Second Class Mail to Be Airlifted to Overseas Servicemen

Postmaster Perry Sparks announced that henceforth all first class mail, personal sound recordings (voice letters), and parcels weighing 5 pounds or less and measuring not more than 60 inches in length and girth combined, will be airlifted on a space available basis between the United States and all military post offices overseas.

Also, under Public Law 89-275 — The Dulski Military Mail Act — which was signed by President Johnson on November 2, 1966, second class publications such as newspapers and magazines published weekly or more often, and featuring current news of interest to the military, will be airlifted from San Francisco to the armed forces serving in Viet Nam.

Postmaster Sparks explained that parcels weighing 5 pounds or less and not exceeding 60 inches in length and girth combined, paid at surface rates, will be moved by sur-

Group Told All Five Counties Needed to Form Junior College District At Stamford Meeting

Approximately 50 persons from Jones, Haskell, Knox, Shackelford and Stonewall Counties were present at a meeting held in Stamford Monday night to hear steps outlined for establishing a junior college.

Dr. David Norton, junior college examiner of the Coordinating Board of the Texas College and University system, told the group that the requirements for setting up a junior college in an area are \$12.5 million in valuation and 7,000 scholastic units.

"In West Texas, you have enough money," he said, "but not enough children." He said each county could qualify in scholastic units. Therefore, it would take all five counties

for the necessary requirements in this area.

Norton said the first step would be to appoint a steering committee and from that group present a survey of the area telling of the needs for a junior college. The next step would be to present a petition to the State Coordinating Board signed by 10 per cent of qualified taxpayers who are registered voters.

Following the petition, the coordinating board would study the request and then hold public meetings, he said.

If the junior college committee of the board saw a need for a junior college, it would be recommended that one be established. Then an election would be called in the counties involved to set up a junior college district.

Norton noted that a junior college district is worthless unless the voters decide on a tax to support it.

The junior college would be controlled by the district boards elected by the voters of the districts.

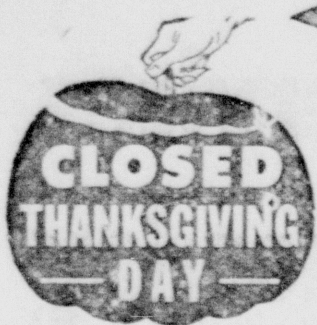

BRIDGE WINNERS

Mrs. Floyd Briscoe and Mrs. W. O. Willbanks were first at the Master Point Session of the Hamlin Duplicate Bridge Club Tuesday evening.

Mr. and Mrs. Harvey Elkins were second and Mr. and Mrs. Henry Albritton were third. The club meets at the Oil Mill Guest House on Tuesday evenings.

PIPER PATT--

Football Banquet Top Event Of Week At Hamlin High

By Tommy Oliver
Beth Craig
Helen Moore

"Who are you going to the banquet with?" is the study hall chatter this week. The annual Piper Football Banquet will be held this Friday, at 7 p. m. in the high school gym. The faculty, band, and pep squad will honor the 1966 Pied Piper Football team. The speaker will be Paul Lambert, a coach from Hardin-Simmons University.

The pep squad will be responsible for the decorations. Heading the decorating will be a committee consisting of: Jean Young, chairman, Vicki Acklin, Joy Bond, Kathy Moore, Virginia Hill, Laquita Long, Peggy Covington, Kathleen Hymers, Elma Mayes, Sandra Payne, Martha Robertson, Cheryl Walton, Jerry Elliot, and Cynthia Head.

During the banquet Sandra Fudge will act as toast mistress; Margaret Johnson -- welcome, Randy Smith-response, Helen Moore-hero presentation, and Larry McCoy-sweetheart presentation.

HHS

"All for the Pipers stand up and holler!" What a pep rally we had Friday morning. The band put that extra build into their music and the pep squad the louder yell that let the football team know we were behind them 100%. If school spirit would win football games we would surely have beaten Stamford. During the pep rally the senior football boys gave their last pep speech of the season with more than their share of laughter from the student body.

HHS

"We want our rings!" is the yell the senior girls used to express their desire for their graduation year rings. Anxious as they are, though, I think they will manage to live.

HHS

"What do you want gang?" A FIRST DIVISION! That is the Marching Green's yell

Dyke, "These Are the Times That Try Men's Souls" By Thomas Payne, "God, Give Us Men" by J. G. Holland, and "The Battle Hymn of the Republic".

Readers included Mrs. Charles Scott, Gene Ward, June Hill, Robert Moore, Revonna Robertson, Randy Smith, and Margaret Johnson. Group singing of "The Battle Hymn of the Republic" ended the program.

SYLVESTER NEWS...

By Mrs. R. M. Babb
Cotton trailers are going in every direction. Saturday afternoon I looked out and there was a big cotton trailer headed for the gin and I do mean it was on fire, flames going sky high, seems there was about four bales on the trailer and the fire department was called from Roby and finally got it out. I believe it belonged to Mr. Carter working the Waldrop place.

Mrs. Carra Perkins has spent several days with her

son and his family in Lubbock. Mr. and Mrs. Hugh Hood are the proud grandparents of a young man born last Wednesday night to Tommy and Pat Hood of Ft. Stockton, I believe the young man will be called Matthew.

We are very sorry to learn that Woodford and Lorena Pursley have had to move to Big Spring where he will work at Webb Air Force Base, he was laid off at the Celotex Plant at Hamlin, we shall miss them so very much in the community and especially in the church as they both were good workers. We just hope they won't forget where the rest of us still are.

In the Milt Montgomery home this past week was their daughter, Billye Louise of Oklahoma City and her daughter-in-law, Mrs. Don Hollis of Chicago, Ill. We were all sorry to learn of the accident of Mike Ma-berry of Sweetwater this past Saturday afternoon, his

scotter hit a chug hole in the pavement and he was thrown off. At this writing he is still unconscious in Hendrick Hospital in Abilene, our prayers are with Mike and the family.

Jackie and Sheila Prather of Sweetwater spent Friday night with their grandmother, Mrs. W. B. Brown.

Rev. and Mrs. Leverett held open house at the Baptist parsonage Sunday afternoon. They have done quite a bit of remodeling and painting and they wanted everyone to see the improvements.

Mrs. Eva Whitten of Hamlin, Mrs. John Edwards, Mrs. May Hurst and Mrs. Herron of Sylvester visited Mrs. Mary Jones, Mrs. Maude Byrum and Lawrence, and Mrs. Opal Josey in Merkel Sunday afternoon.

BIRTHS

Mr. and Mrs. Dennis Jones of Merkel are parents of a daughter, Melissa Ann, born Nov. 9.

Mr. and Mrs. Serapio Alvarado of Clairmont are parents of a boy, Henry, born Nov. 12.

Mr. and Mrs. Joe E. Bass are parents of a girl, Gwendolyn Faye, born Nov. 13.

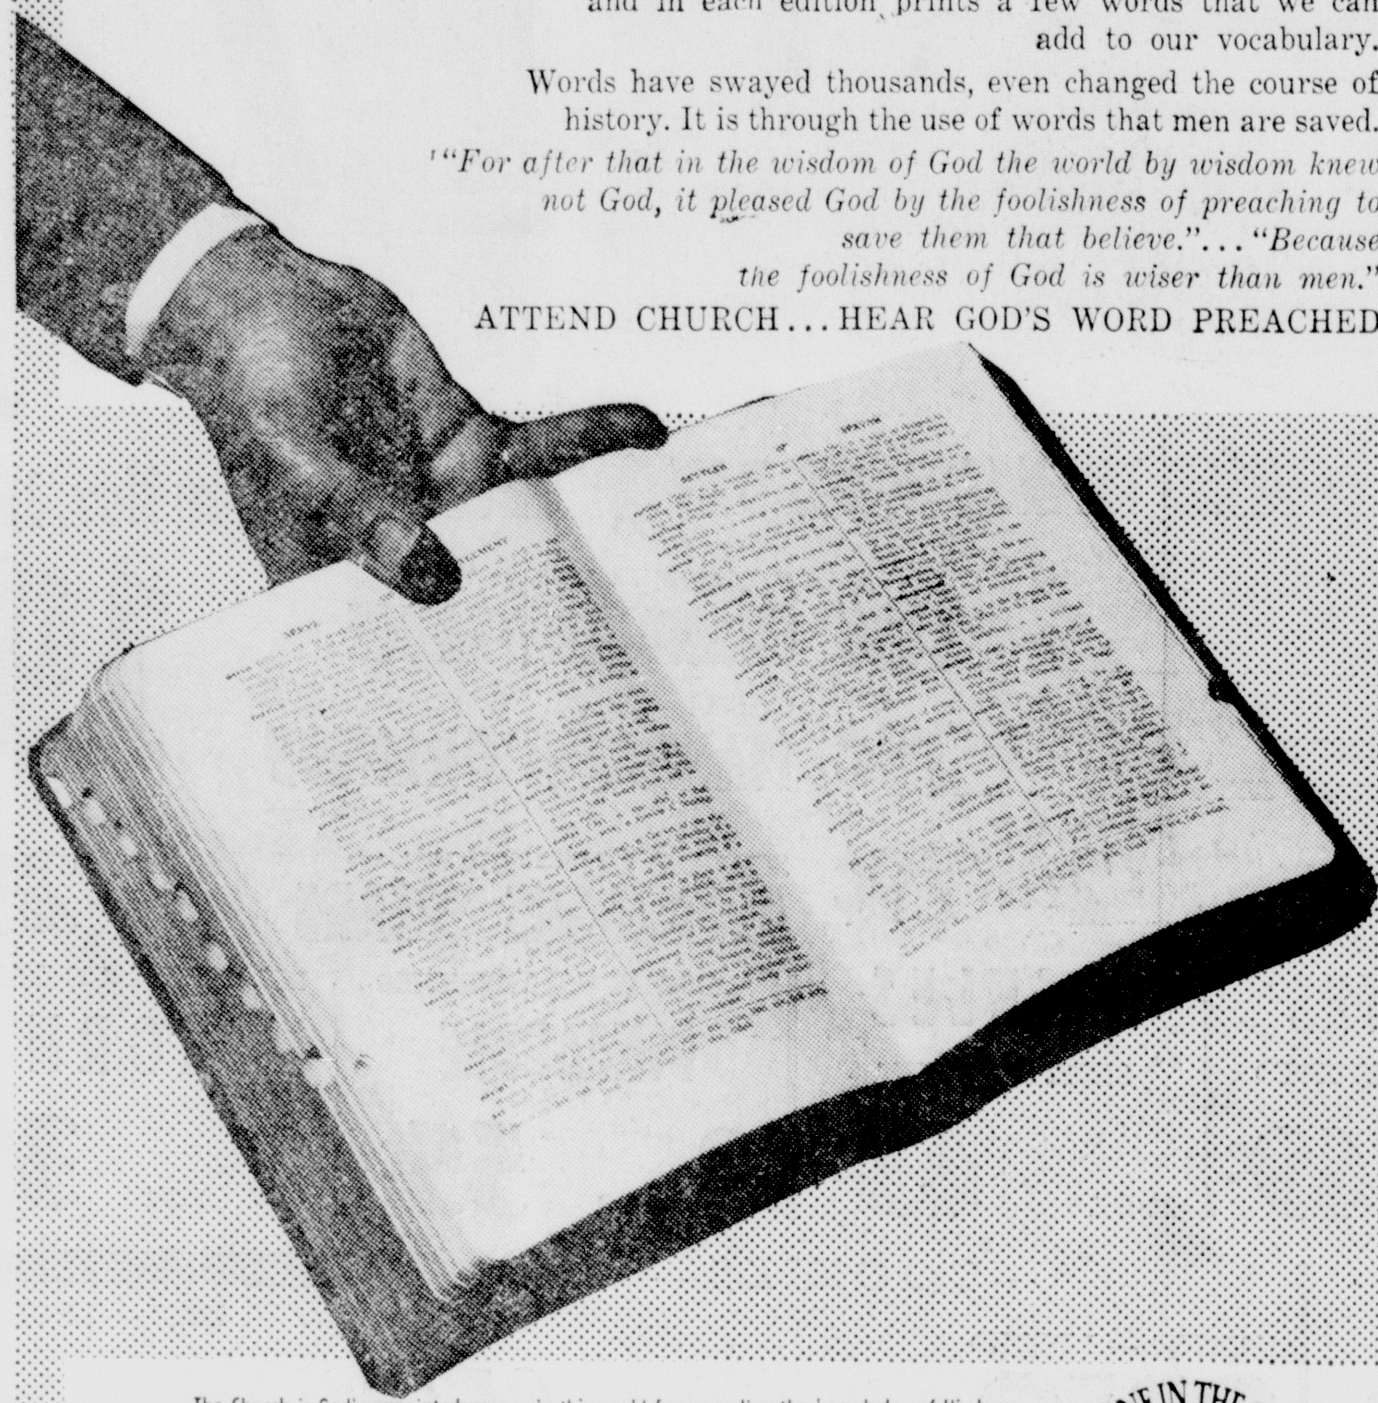

WORD POWER!

One of our popular publications, encourages the learning of new words, and in each edition prints a few words that we can add to our vocabulary.

Words have swayed thousands, even changed the course of history. It is through the use of words that men are saved.

"For after that in the wisdom of God the world by wisdom knew not God, it pleased God by the foolishness of preaching to save them that believe."... "Because the foolishness of God is wiser than men."

ATTEND CHURCH... HEAR GOD'S WORD PREACHED

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

OLD GLORY...

By Judy White

The lure of deer hunting season has once again called many of our local citizens to the woods. We who remain behind wish them a safe and successful hunting trip. Please remember the warning, "If it stands on its hind legs and has a pipe in its mouth, it isn't a deer."

Others are still busy harvesting their cotton crops. Some report the cotton is turning out more than a half a bale to the acre. This is very good considering the fact that the months of May, June and July were extremely dry in his area.

The T. B. Moble Unit will not come to Old Glory this month as was previously announced, but it will be in Stonewall County, set up on the square in Aspermont on December 2 (1 to 5 P. M.) and on December 3rd all day, for the purpose of taking chest x-rays of all the people in the county.

X-rays will be made by a licensed technician and will be free of charge, although donations at the site will be accepted, and welcomed.

Everyone is urged to take advantage of this service.

Area Farm and Ranch News

By DON ELMORE
Well it's time again to order another rain for wheat farmers. However, the wheat is growing very good for the moisture it has. Most of the wheat calves are on wheat in this area. But I am told that the panhandle of Okla. and Kansas still need a rain before they can graze very much.

The West Texas Barrel Racers are planning on holding their next meet here the last Sunday of this month

at 2:00 p.m. We invite everyone to come out free of charge and cheer these girls on.

There will be pole bending, flag racing, and barrel racing. Possibly there will be goat tying.

These girls come from all over West Texas and the competition is as keen as you can find anywhere. So come on out to the Riding Club Arena and enjoy an afternoon of sport.

FAIRVIEW NEWS...

By Mrs. Elmer Joiner
Fairview is still out here, the people are still here, but with the beautiful weather of the past week, the bountiful cotton crop being harvested, about all that has happened has been work. Everyone was glad to see Sunday come, for after going to church they could rest all afternoon. It seems that it is the opinion of most of the men that they have a lot of hard work yet to gather this crop, as I heard one man say Saturday, that he would get through some day, if he lived long enough. But when they do get through just think of all the money they, and Uncle Sam, will have.

Miss Della Drake was carried to the Hamlin Hospital last Tuesday morning with a case of flu and other complications, but was able to come home Saturday. We hope that she is soon feeling good again.

Mr. and Mrs. E. A. Henry attended funeral services Sunday, in Haskell, for her nephew James A. Boyd, a resident of that city, who died in Hendrick Hospital after a month's stay there. Interment was in the Rule cemetery. Mr. Boyd was reared at Rule.

Mr. and Mrs. Winson Gray attended funeral services, in Anson, Sunday afternoon for Mrs. Sasser, a long time resident of Anson and the Anson area.

Mrs. Mel Jones spent last week at home, after spending a week in Abilene, with her son, Rex Jones, following the death of Mr. Jones who passed away after suffering a heart attack. She will live at their home in Hamlin, where they moved a few years ago.

The Brotherhood and W. M. U. of the three churches, met last Wednesday night with the Neinda church, with the Rev. Dub Jackson, missionary from Japan as speaker. Haven't heard any report from it but am a afraid that the crowd was smaller than it should have been, since so many are working such long hours.

Was so nice Sunday afternoon to have lots of company,

for it does get so lonesome for someone that was always on the go, to have to be home for so long. Those visiting were Mr. and Mrs. Fred Rosenbaum, Mr. and Mrs. Henry Kee, Lubbock, Mr. and Mrs. Jimmy Joiner, Jeannie and Roland, from Samford, and Mrs. Inez McCoy.

Mrs. Woodrow Goodwin visited with the Drakes and Mrs. Henry, Monday morning. Mr. and Mrs. Henry went to Aspermont last Friday where a crowd of brothers, sisters, nieces and nephews met in the home of Mrs. Doris Branch. Others attending were Mr. and Mrs. Frank Boyd and daughter, Mr. and Mrs. Dan Bently, Wichita Falls, Mr. and Mrs. Obie Wright, Rotan. They had a nice day enjoying visiting together but were saddened by the news of the relative's death in Abilene, James Boyd.

Word has been received that Mrs. Alton Sealy, the former Evelyn Treadwell, is in the Anson Hospital, seriously ill. We hope she is improved by now.

Maybe before next Monday it will rain, get cold or something, so people will get out and make some news, you can't write news when there isn't any.

Ned Moore Wins County Art Show

Ned Moore, art teacher in Port Lavaca, was the top winner in the professional section of the adult division of the art show at the Calhoun County Fair recently.

Moore, son of Mr. and Mrs. Ned Moore, is teaching his first year in junior high in the Calhoun County school. He was graduated last year from McMurry College with a double major in history and art.

He won rosettes on his oil entries, "Still Life" and "Spring Flower."

Mr. and Mrs. Trinidad Vasquez of Stamford are parents of a boy, Jimmy Able, born Nov. 14.

Wednesday Rites Held Here for Floyd Hallmark, 71

Floyd Hallmark, 71, died at 8 p.m. Monday at Hamlin Memorial Hospital. He had a heart condition for several years and was hospitalized for three days.

Services were held Wednesday at 3 p.m. in the Church of the Nazarene, Rev. David Freeman, pastor of Central Christian Church in Stamford, and Rev. Marshall Steward, Nazarene pastor, officiated.

Born Sept. 18, 1895, in Jacksboro, he was the son of the late Mr. and Mrs. J. M. Hallmark. He was married to the former Leila Wilcoxson in Phoenix, Ariz., Oct. 13, 1920. They lived in Burney, Calif., for nine years before moving to Hamlin two years ago. He was a member of Central Christian Church and the V.F.W. Burial was in Swedonia Cemetery. Survivors include his wife, two brothers, C. L. Hallmark of Bakersfield, Calif., C. M.

Homemade Squirrel Call - Old-time pioneer squirrel hunt-

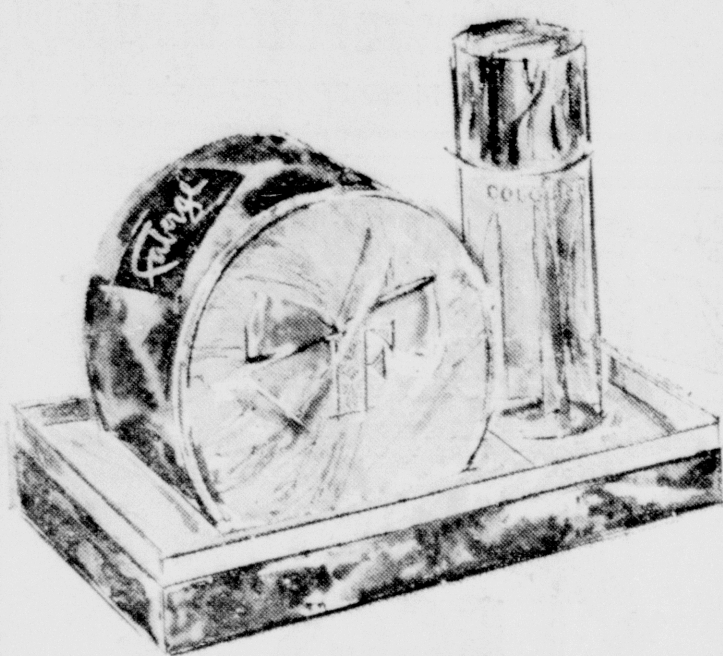

ers owned no such thing as a commercially manufactured squirrel call. So they had to depend on their own ingenuity to make a caller.

One of the best was made by rubbing a wet whiskey bottle cork across the smooth surface of a piece of window glass.

If you're going to try it, of course, you really needn't limit yourself to this specific type of cork.
